Managing Director's report

The Managing Director has pleasure in presenting his report and the audited financial statements for the year ended March 31, 2017.

Principal activities of the Entity:

The principal activities of the Entity are unchanged since the previous year and consist of electromechanical equipment installation & maintenance, undertaking building, road, sewage & drainage, water pipelines & stations contracting works.

Financial review:

The table below summarizes the results of:

	<u>2017</u>	<u>2016</u>
	<u>AED</u>	<u>AED</u>
Contract revenue	6,307,219	61,229,552
Gross profit	1,214,854	11,468,703
Gross profit margin	19%	19%
Net (loss)/profit for the year	(83,681,612)	2,449,197

Role of the Managing Director

The Managing Director is the Entity's principal decision-making authority. The Managing Director has the overall responsibility for leading and supervising the Entity for delivering sustainable shareholder value through his guidance and supervision of the Entity's business. The Managing Director sets the strategies and policies of the Entity. He monitors performance of the Entity's business, guides and supervises its management.

Events after year end:

In the opinion of the Managing Director, no transaction or event of a material and unusual nature, favourable or unfavourable has arisen in the interval between the end of the financial year and the date of this report, that is likely to affect, substantially the result of the operations or the financial position of the Entity.

Auditors:

M/s. Horwath Mak, Dubai - United Arab Emirates is willing to continue in office and a resolution to re-appoint them will be proposed in the Annual General Meeting.

Statement of Managing Director's responsibilities:

The applicable requirements, require the Managing Director to prepare the financial statements for each financial year which presents fairly in all material respects, the financial position of the Entity and its financial performance for the year then ended.

Statement of Managing Director's responsibilities (continued)

The audited financial statements for the year under review, have been prepared in conformity and in compliance with the relevant statutory requirements and other governing laws. The Managing Director confirms that sufficient care has been taken for the maintenance of proper and adequate accounting records that disclose with reasonable accuracy at any time, the financial position of the Entity and enables him to ensure that the financial statements comply with the requirements of applicable statute. The Managing Director also confirms that appropriate accounting policies have been selected and applied consistently in order that the financial statements reflect fairly the form and substance of the transactions carried out during the year under review and reasonably present the Entity's financial conditions and results of its operations.

These financial statements were approved by the Board and signed on behalf by the authorized representative of the Entity.

Managing Director
May 21, 2017

Independent auditors' report

To,

The Shareholders

M/s. Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Nagarjuna Contracting Co. (L.L.C.)**, Dubai - United Arab Emirates (the "Entity") which comprise the statement of financial position as at March 31, 2017 and the statement of profit or loss and other comprehensive income, statement of changes in shareholders' equity, statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at March 31, 2017 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Entity in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to note - 2 to these financial statements. The Entity has incurred a (loss) of AED 83,681,612 during the year and has accumulated (losses) of AED 23,315,473 and total liabilities exceeded total assets by AED 22,865,473 as at the reporting date. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Entity's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

Responsibilities of management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, in compliance with the applicable provisions of the UAE Federal Law No. (2) of 2015 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of management (continued)

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

As required by the UAE Federal Law No. (2) of 2015, we further confirm that:

- i) we have obtained all the information and explanations which we consider necessary for our audit;
- ii) the financial statements have been prepared and comply, in all material respects, with the applicable provisions of the UAE Federal Law No. (2) of 2015 and the Memorandum and Articles of Association of the Entity;

Report on other legal and regulatory requirements (continued)

- iii) proper books of accounts have been maintained by the Entity;
- iv) the contents of the Managing Director's report which relates to the financial statements are in agreement with the Entity's books of account;
- v) the Entity has not made any investments in share and stocks during the year ended March 31, 2017;
- vi) note 6 to the financial statements reflects the disclosures relating to material related party transactions and the terms under which they were conducted; and
- vii) based on the information that has been made available to us, nothing has come to our attention which causes us to believe that the Entity has contravened, during the financial year ended March 31, 2017, any of the applicable provisions of the UAE Federal Law No. (2) of 2015 or of its Memorandum and Articles of Association which would materially affect its activities or its financial position as at March 31, 2017.

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

1 Legal status and business activities

- 1.1 **M/s. Nagarjuna Contracting Co. (L.L.C.)**, Dubai - United Arab Emirates (the "Entity") was registered on October 31, 2005, as a Limited Liability Company and operates in the United Arab Emirates under a commercial license issued by the Department of Economic Development, Government of Dubai, Dubai - United Arab Emirates.
- 1.2 The principal activities of the Entity are unchanged since the previous year and consist of electromechanical equipment installation & maintenance, undertaking building, road, sewage & drainage, water pipelines & stations contracting works.
- 1.3 The registered address of the Entity is P.O. Box: 117333, Dubai - United Arab Emirates.
- 1.4 The management and control of the Entity are vested with the Managing Director, Mr. Narayana Raju Alluri (Indian national).
- 1.5 These financial statements incorporate the operating results of the Commercial license no. 573815.
- 1.6 UAE Federal Law No. (2) of 2015 ("Companies Law") which is applicable to the Entity has come into effect on July 01, 2015. The Entity is currently assessing and evaluating the relevant provisions of the Companies Law and expects to be fully compliant on or before the end of the grace period of June 30, 2017.

2 Material uncertainty related to going concern

The financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Entity has incurred a (loss) of AED 83,681,612 during the year and has accumulated (losses) of AED 23,315,473 and total liabilities exceeded total assets by AED 22,865,473 as at the reporting date. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Entity's ability to continue as a going concern.

However, the expatriate shareholder has agreed to provide necessary financial support to enable the Entity to continue its operation and settle its obligation as and when they fall due. Accordingly, these financial statements do not include any adjustments relating to their coverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Entity be unable to continue as a going concern.

3 New and amended standards

3.1 New and revised IFRSs applied with no material effect on the financial statements

The Entity has applied the following standards and amendments for the first time for their annual reporting period commencing January 01, 2016. The adoption of these amendments did not have any impact on the current period or any prior period and is not likely to affect future periods.

Annual Improvements to IFRSs 2012-2014 cycles:

- IFRS 5 "Non-current Assets Held for Sale and Discontinued Operations": Adds specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.
- IFRS 7 "Financial Instruments: Disclosures": Adds additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset for the purpose of determining the disclosures required. Further with consequential amendments to IFRS 1 "First-time Adoption of International Financial Reporting Standards", clarifies the applicability of the amendments to IFRS 7 on offsetting disclosures to condensed interim financial statements.
- IAS 19 "Employee Benefits": Clarifies that the high quality corporate bonds used in estimating the discount rate for post-employment benefits should be denominated in the same currency as the benefits to be paid (thus, the depth of the market for high quality corporate bonds should be assessed at currency level).
- IAS 34 "Interim Financial Reporting": Clarifies the meaning of 'elsewhere in the interim report' and requires a cross-reference.

3 New and amended standards (continued)

3.1 New and revised IFRSs applied with no material effect on the financial statements (continued)

Amendments to IFRS 11 "Joint Arrangements" clarify accounting for acquisitions of an Interests in Joint Operations where the activities of the operation constitute a business.

Amendments to IAS 16 "Property, Plant and Equipment" and IAS 38 "Intangible Assets" clarify that revenue-based method of depreciation or amortisation is generally not appropriate.

Amendments to IAS 16 "Property, Plant and Equipment" and IAS 41 "Agriculture" require biological assets that meet the definition of a bearer plant to be accounted for as property, plant and equipment in accordance with IAS 16.

Disclosure Initiative-Amendments to IAS 1 "Presentation of Financial Statements" makes the following changes:

- **Materiality:** The amendments clarify that (1) information should not be obscured by aggregating or by providing immaterial information, (2) materiality considerations apply to the all parts of the financial statements, and (3) even when a standard requires a specific disclosure, materiality considerations do apply.
- **Disaggregation and subtotals:** The amendments (1) introduce a clarification that the list of line items to be presented in these statements can be disaggregated and aggregated as relevant and additional guidance on subtotals in these statements and (2) clarify that an entity's share of OCI of equity-accounted associates and joint ventures should be presented in aggregate as single line items based on whether or not it will subsequently be reclassified to profit or loss.
- **Notes:** The amendments add additional examples of possible ways of ordering the notes to clarify that understandability and comparability should be considered when determining the order of the notes and to demonstrate that the notes need not be presented. The IASB also removed guidance and examples with regard to the identification of significant accounting policies that were perceived as being potentially unhelpful.

Amendments to IAS 27 "Separate Financial Statements" which allow an entity to account for investments in subsidiaries, joint ventures and associates either at cost or as financial asset in accordance with IAS 39/IFRS 9 or using the equity method in an entity's separate financial statements. The amendments introduce the equity method as a third option.

Amendments to IFRS 10 "Consolidated Financial Statements", IFRS 12 "Disclosure of Interests in Other Entities" and IAS 28 "Investments in Associates and Joint Ventures ": Clarifies the exception from preparing consolidated financial statements available to intermediate parent entities which are subsidiaries of investments entities.

3.2 New and revised standards and amendments in issue but were not mandatory for annual reporting periods ending December 31, 2016

New and revised standards and amendments

Effective for annual periods beginning on or after

Amendments in Disclosure Initiative (Amendments to IAS 7 Statement of Cash Flows) that entities shall provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The liabilities arising from financing activities are disclosed (to the extent necessary): (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

January 1, 2017

IFRS 9 "Financial Instruments": Issued on 24 July 2014 is the IASB's replacement of IAS 39 Financial Instruments: Recognition and Measurement. The Standard includes requirements for recognition and measurement, impairment, derecognition and general hedge accounting. The IASB completed its project to replace IAS 39 in phases, adding to the standard as it completed each phase. The version of IFRS 9 issued in 2014 supersedes all previous versions and is mandatorily effective for periods beginning on or after 1 January 2018 with early adoption permitted (subject to local endorsement requirements).

January 1, 2018

3 New and amended standards (continued)

3.2 New and revised standards and amendments in issue but were not mandatory for annual reporting periods ending December 31, 2016 (continued)

New and revised standards and amendments

**Effective for annual periods
beginning on or after**

IFRS 15 "Revenue from Contracts with Customers"; IFRS 15 was issued which established a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. IFRS 15 will supersede the current revenue recognition guidance including IAS 18 Revenue, IAS 11 Construction Contracts, and the related interpretations when it becomes effective.

January 1, 2018

IFRS 16 "Leases": The new standard brings most leases on-balance sheet for lessees under a single model, eliminating the distinction between operating and finance leases. Lessor accounting however remains largely unchanged and the distinction between operating and finance leases is retained. IFRS 16 supersedes IAS 17 'Leases' and related interpretations. Earlier adoption permitted if IFRS 15 'Revenue from Contracts with Customers' has also been applied.

January 1, 2019

Management anticipates that these new standards, interpretations and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations and amendments, may have no material impact on the financial statements in the period of initial application. There are no other standards that are not yet effective and that would be expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

4 Significant accounting policies

4.1 Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards and applicable requirements of the UAE laws. These financial statements are presented in United Arab Emirates Dirhams (AED) which is the Entity's functional and presentation currency.

4.2 Basis of preparation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets or goods or services.

The principal accounting policies applied in these financial statements are set out below.

4.3 Current/Non current classification

The Entity presents assets and liabilities in statement of financial position based on current/non-current classification. An asset as current when it is:

Expected to be realised or intended to sold or consumed in normal operating cycle or held primarily for the purpose of trading or Expected to be realised within twelve months after the reporting period, or cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is current when:

It is expected to be settled in normal operating cycle or it is held primarily for the purpose of trading or it is due to be settled within twelve months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Entity classifies all other liabilities as non-current.

4 Significant accounting policies (continued)

4.4 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Entity.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

4.5 Foreign currency

In preparing the financial statements of Entity, transactions in currencies other than the Entity's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

4.6 Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation and identified impairment loss, if any. The cost comprise of purchase price, together with any incidental expense of acquisition.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Entity and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the statement of comprehensive income during the financial period in which they are incurred.

Depreciation is spread over its useful lives so as to write off the cost of property, plant and equipment using the straight-line method over its useful lives as follows:

	<u>Years</u>
Machinery and equipment	12
Tools and equipment	12
Construction accessories	6
Furniture, fixtures and office equipment	3 - 10
Motor vehicles	8

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of comprehensive income.

4 Significant accounting policies (continued)

4.7 Impairment of tangible assets

At the end of each reporting period, the Entity reviews the carrying amounts of its tangible to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of comprehensive income.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of comprehensive income.

4.8 Financial instruments

Financial assets and financial liabilities are recognised when the Entity becomes a party to the contractual provisions of the instrument.

4.9 Financial assets

Financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss' (FVTPL), 'held-to-maturity' investments, 'available-for-sale' (AFS) financial assets and 'loans and receivables'.

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets. The Entity's loans and receivables comprise "contract and other receivables", "due from related parties", "loan to a related party" and "cash and cash equivalents" in the statement of financial position. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

4 Significant accounting policies (continued)

4.9 Financial assets (continued)

Contract and other receivables

Contract receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets. Contract and other receivables are initially recognised at fair value and subsequently measured at amortised cost reduced by appropriate allowance for estimated doubtful debts.

Due from/loan to related parties

Amounts due from/loan to related parties are stated at amortised cost.

Impairment of financial assets

Assets carried at amortised cost

The Entity assesses at the end of each reporting period, whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are recognized only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the income statement.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the reversal of the previously recognised impairment loss is recognised in the income statement.

Derecognition of financial assets

The Entity derecognises a financial asset only when the contractual rights to the cash flows from the asset expire; or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Entity neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Entity recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Entity retains substantially all the risks and rewards of ownership of a transferred financial asset, the Entity continues to recognise the financial asset.

4.10 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Entity's financial liabilities include retention payables, bank borrowings and contract and other payables and due to/loans from related parties.

4 Significant accounting policies (continued)

4.10 Financial liabilities (continued)

Contract and other payables

Contract payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Contract payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities. Contract and other payables are recognised initially at fair value and subsequently are measured at amortised cost using effective interest method.

Due to/loans from related parties

Amounts due to/loans from related parties are stated at amortised cost.

Loans and borrowings

Borrowings are recorded at the proceeds received, net of direct issue costs. Finance charges are accounted on accrual basis and are added to the carrying value of the instruments to the extent that they are not settled in the year in which they arise.

Derecognition of financial liabilities

The Entity derecognises financial liabilities when, and only when, the Entity's obligations are discharged, cancelled or they expire. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

4.11 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

4.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on weighted average basis. Cost of inventories comprises of costs of purchase, and where applicable cost of conversion and other costs that has been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

4.13 Provisions

Provisions are recognised when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that the Entity will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

4 Significant accounting policies (continued)

4.14 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Rendering of services

Revenue from a contract to provide services is recognised by reference to the stage of completion of the contract, when the outcome of the transaction and related revenue and cost can be measured reliably, and that economic benefit flows to the Entity.

4.15 Construction contracts

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

Where the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Where contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is shown as amounts due from customers for contract work. For contracts where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is shown as the amounts due to customers for contract work. Amounts received before the related work is performed are included in the statement of financial position, as a liability, as advances received. Amounts billed for work performed but not yet paid by the customer are included in the statement of financial position under contract and other receivables.

Due from/to customers for contract work

Due from/to customers for contract work is the difference between the amount recognised based on the percentage of completion of a contract and the actual amount certified by the contract employer represented by payment certificates. Where the difference is positive, the amount is classified as 'due from customers for contract work' and when the difference is negative, the amount is classified as 'due to customers for contract work'.

4.16 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Entity's accounting policies, which are described in policy notes, the management are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The significant judgements and estimates made by management, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are described below.

Critical judgements in applying accounting policies

In the process of applying the Entity's accounting policies, which are described above, and due to the nature of operations, management makes the following judgement that has the most significant effect on the amounts recognised in the financial statements.

4 Significant accounting policies (continued)

4.16 Critical accounting judgements and key sources of estimation uncertainty (continued)

Critical judgements in applying accounting policies (continued)

Revenue recognition

In recognising the revenue the management is of the view that in line with the requirement of IAS 18 "Revenue", the risk and reward of ownership is transferred to the buyers of the goods and services and that revenue is reduced for the estimated returns, rebate and other allowances (if any).

Percentage of completion

The Entity uses the percentage of completion method in accounting for its contract revenue. Use of the percentage of completion method requires the Entity to estimate the contract work performed to date as a proportion of the total contract work to be performed.

Contract variations

Contract variations are recognised as revenues only to the extent that it is probable that they will result in revenue which can be reliably measured. This requires the exercise of judgement by the management based on prior experience, application of contract terms and the relationship with contract owners.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Property and equipment

Property and equipment is depreciated over its estimated useful life, which is based on expected usage of the asset and expected physical wear and tear which depends on operational factors. The management has not considered any residual value as it is deemed immaterial.

Allowance for doubtful debts

Allowances for doubtful debts are determined using a combination of factors to ensure that contract receivables are not overstated due to uncollectibility. The allowance for doubtful debts for all customers is based on a variety of factors, including the overall quality and ageing of receivables, continuing credit evaluation of the customer's financial conditions and collateral requirements from customers in certain circumstances. In addition, specific allowances for individual accounts are recorded when the Entity becomes aware of the customer's inability to meet its financial obligations.

Inventories

Inventories are stated at the lower of cost or net realizable value. Adjustments to reduce the cost of inventory to its realizable value, if required, are made for estimated obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, product pricing, physical deterioration and quality issues.

Fair value measurement

For the purpose of fair value disclosures, the Entity has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy. The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Entity uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

The Entity has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements.

Nagarjuna Contracting Co. (L.L.C.)
Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017
(In Arab Emirates Dirhams)

5 Property, plant and equipment

The gross carrying amounts and accumulated depreciation are shown below:

Notes:

- Depreciation includes AED 345,412 (2016: AED 415,984) charged to contract costs (note 22).

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

(In Arab Emirates Dirhams)

6 Related party transactions

The Entity enters into transactions with other entities that fall within the definition of a related party as contained in IAS 24, Related Party Disclosures. Management decides on the terms and conditions of the transactions. Related parties comprise entities under common ownership and/or common management and control; their partners and key management personnel.

The management decides on the terms and conditions of the transactions and services received/rendered from/to related parties as well as other charges, if applicable.

	<u>2017</u>	<u>2016</u>
a) Loan to a related party		
<i>Entity under common ownership and control</i>		
M/s. NCC Urban Infrastructure Company Limited, Dubai - U.A.E.		
Balance at the beginning of the year	267,271,445	254,823,073
Contract payables transferred*	(110,350,744)	-
Less: Impairment	(72,816,417)	-
Movement during the year	<u>(8,342,239)</u>	<u>12,448,372</u>
	<u><u>75,762,045</u></u>	<u><u>267,271,445</u></u>

The above loan is unsecured and without any fixed repayment schedule. It carries an interest @ 12 % p.a. and the Entity has accrued an interest of AED Nil (2016: AED 11,415,746) being interest debited on the outstanding balances {note 6 (c)}. During the year, vide board resolution dated May 18, 2016, the Entity has discontinued accrual of interest.

* During the year, the Entity, M/s. NCC Urban Infrastructure Company Limited, Dubai - U.A.E. ("NCCUIL") and certain suppliers entered into agreements on February 15, 2017 to settle the outstanding dues to the said suppliers. As per the agreements, the outstanding balances against suppliers aggregating to AED 110,350,744 is transferred to NCCUIL.

b) Due from related parties*Entities under common ownership and control*

M/s. Al Mubarakia Contracting Co. (L.L.C.), Dubai - U.A.E.	25,890,658	26,392,507
M/s. Nagarjuna Construction Company Limited, Muscat - Oman	1,048,499	1,048,499
M/s. NCC International - Kuwait	435,466	479,915
M/s. NCC International - Kingdom of Saudi Arabia	191,324	191,324
M/s. NCC Limited (Branch) - Turkmenistan	30,332	30,332
M/s. Nagarjuna Construction Company (Kenya) Limited - Kenya	-	2,300
M/s. Nagarjuna Construction Company International (L.L.C.), Muscat - Oman	<u>39,002,784</u>	<u>44,491,453</u>
	<u><u>66,599,063</u></u>	<u><u>72,636,330</u></u>

c) Loans from related parties*Entities under common ownership and control*

M/s. NCC Limited, Hyderabad - India *	47,174,600	46,084,700
M/s. NCC Infrastructure Holdings Mauritius Pte Limited, Port Louis - Mauritius **	<u>94,341,995</u>	<u>94,341,995</u>
	<u><u>141,516,595</u></u>	<u><u>140,426,695</u></u>

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

(In Arab Emirates Dirhams)

6 Related party transactions (continued)**c) Loans from related parties (continued)**

* The loan is unsecured and without any fixed repayment schedule. It carries an interest @ 12 % p.a. and the Entity has accrued an interest of AED Nil (2016: AED 5,451,272) on the said loan which has been recovered from M/s. NCC Urban Infrastructure Company Limited, Dubai - U.A.E. (a related party) {note 6 (a)}.

** It includes AED 50 million loan obtained from a related party to meet the long term working capital requirements. The loan carries an interest rate LIBOR plus 400 basis points or 12% per annum, whichever is higher, payable quarterly. The Entity has accrued an interest of AED Nil (2016: AED 5,964,474) on the said loan to M/s. NCC Infrastructure Holdings Mauritius Pte Limited, Port Louis - Mauritius (a related party) and the same has been recovered from M/s. NCC Urban Infrastructure Company Limited, Dubai - U.A.E. (a related party) {note 6 (a)}.

During the year, the related parties has not charged any interest on the above loans vide board resolution dated May 18, 2016.

d) Due to related parties	<u>2017</u>	<u>2016</u>
<i>Entities under common ownership and control</i>		
M/s. Nagarjuna Construction Company Limited & Partners (L.L.C.), Muscat - Oman	-	312,119
M/s. Nagarjuna Facilities Management Services (L.L.C.), Dubai - U.A.E.	-	1,142,646
M/s. NCC Limited, Hyderabad - India *	<u>20,479,969</u>	<u>20,094,835</u>
	<u>20,479,969</u>	<u>21,549,600</u>

*It includes AED Nil (2016: AED 5,451,272) being interest credited on the unsecured loan {note 6 (c)}.

e) Transactions with related parties

The nature of significant related party transactions and the amounts involved were as follows:

	<u>For the year ended March 31,</u>	
	<u>2017</u>	<u>2016</u>
Managerial remuneration	<u>1,809,996</u>	<u>1,357,497</u>
Interest on loan paid	<u>-</u>	<u>11,415,746</u>
Interest on loan received	<u>-</u>	<u>11,415,746</u>
Impairment of loan to a related party	<u>72,816,417</u>	<u>-</u>
Due from a related party written off	<u>2,300</u>	<u>-</u>
Reversal of liability due to a related party	<u>1,136,396</u>	<u>-</u>
Transfer of property, plant and equipment (note 5)	<u>4,901,384</u>	<u>-</u>

The Entity provides/receives funds to/from related parties as and when required as working capital facilities.

7 Retention receivables	<u>2017</u>	<u>2016</u>
Retention receivables	<u>17,217,317</u>	<u>17,984,516</u>
Less: Allowances for doubtful debts	<u>-</u>	<u>(767,199)</u>
Balance at the end of the year	<u>17,217,317</u>	<u>17,217,317</u>

Retention receivables of AED 14,760,796 is under dispute and the Entity has filed for arbitration to settle the dispute. The realization of the said receivable is dependent on the outcome of the decision taken by the arbitrator. Management is confident that these balances will be collected in full.

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

(In Arab Emirates Dirhams)

	<u>2017</u>	<u>2016</u>
7 Retention receivables (continued)		
<i>Allowance for doubtful debts:</i>		
The movements in the allowance for doubtful debts are as follows:		
Balance at the beginning of the year	767,199	767,199
Written off during the year	<u>(767,199)</u>	<u>-</u>
Balance at the end of the year	<u>-</u>	<u>767,199</u>
Comprising:		
Current portion	2,456,521	-
Non-current portion	<u>14,760,796</u>	<u>17,217,317</u>
	<u>17,217,317</u>	<u>17,217,317</u>
8 Inventories		
Materials and consumables	401,290	3,659,942
Small tools and implements	<u>70,811</u>	<u>124,498</u>
	472,101	3,784,440
Less: Allowance for slow moving inventories	<u>-</u>	<u>(635,714)</u>
	<u>472,101</u>	<u>3,148,726</u>
<i>Movement in allowance for slow moving inventories is as follows:</i>		
Balance at the beginning of the year	635,714	635,714
Reversal written off during the year	<u>(635,714)</u>	<u>-</u>
Balance at the end of the year	<u>-</u>	<u>635,714</u>
The above inventories were physically verified by the management and were lying at the site premises across United Arab Emirates.		
9 Due from customers for contract work-in-progress		
Due from customers for contract work	<u>29,577,136</u>	<u>23,269,917</u>
Due from customer for contract work is under dispute and the Entity has filed for arbitration to settle the dispute. The realization of the said receivable is dependent on the outcome of the decision taken by the arbitrator. Management is confident that this balance will be collected in full.		
<i>Amount due from customers for contract work</i>		
Contract cost incurred plus recognised profit less recognised losses to date on contracts in progress	177,185,073	170,877,854
Less: Progressive billing	<u>(147,607,937)</u>	<u>(147,607,937)</u>
	<u>29,577,136</u>	<u>23,269,917</u>
10 Contract receivables		
Contract receivables (Within U.A.E.)	331,729	892,744
Less: Allowances for doubtful debts	<u>-</u>	<u>(872,744)</u>
	<u>331,729</u>	<u>20,000</u>

Of the contract receivables as at March 31, 2017, there is 1 customer (2016: 1 customer) representing 100% (2016: 100%) of the contract receivables.

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

(In Arab Emirates Dirhams)

10 Contract receivables (continued)

Contract receivables are under dispute and the Entity has filed for arbitration to settle the dispute. The realization of the said receivable is dependent on the outcome of the decision taken by the arbitrator. Management is confident that these balances will be collected in full.

	<u>2017</u>	<u>2016</u>
<i>Allowance for doubtful debts</i>		
The movements in the allowance for doubtful debts are as follows:		
Balance at the beginning of the year	872,744	872,744
Written off during the year	<u>(872,744)</u>	-
Balance at the end of the year	<u>-</u>	<u>872,744</u>

In determining the recoverability of contract receivables, the Entity considers any change in the credit quality of the contract receivables from the date credit was initially granted up to the reporting date. Accordingly, the management believes that there is no credit allowance required for doubtful debts.

11 Advances, deposits and other receivables

Prepayments	248,737	353,872
Guarantee deposit	1,101,938	1,415,000
Other deposits	392,812	392,812

	173,461,752	288,953,050	173,461,752	288,953,050

Financial instruments comprises of financial assets and financial liabilities.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties.

Financial assets consist of loan to a related party, retention receivables, contract receivables, deposits and other receivables, due from related parties, fixed deposit and cash and bank balances. Financial liabilities consist of loans from related parties, retention payables, bank borrowings, due to related parties and contract and other payables.

As at the reporting date, financial assets and financial liabilities approximate their carrying values.

28 Financial risk management objectives

The Entity management set out the Entity's overall business strategies and its risk management philosophy. The Entity's overall financial risk management program seeks to minimize potential adverse effects on the financial performance of the Entity. The Entity policies include financial risk management policies covering specific areas, such as market risk (including foreign exchange risk, interest rate risk), liquidity risk and credit risk. Periodic reviews are undertaken to ensure that the Entity's policy guidelines are complied with.

28 Financial risk management objectives (continued)

There has been no change to the Entity's exposure to these financial risks or the manner in which it manages and measures the risk.

The Entity is exposed to the following risks related to financial instruments. The Entity has not framed formal risk management policies, however, the risks are monitored by management on a continuous basis. The Entity does not enter into or trade in financial instruments, investment in securities, including derivative financial instruments, for speculative or risk management purposes.

a) Foreign currency risk management

The Entity undertakes certain transactions denominated in foreign currencies. Hence, exposures to exchange rate fluctuations arise.

The Entity does not have any significant exposure to currency risk, as most of its assets and liabilities are denominated in U.A.E. Dirhams.

b) Interest rate risk management

The Entity's exposure to the risk of changes in market interest rates relates primarily to the Entity's borrowings with floating interest rates. The Entity's policy is to manage its interest cost using a mix of fixed and variable rate debts. Interest on financial instruments having floating rates is re-priced at intervals of less than one year and interest on financial instruments having fixed rate is fixed until the maturity of the instrument.

c) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management which has built an appropriate liquidity risk management framework for the management of the Entity's short, medium and long-term funding and liquidity management requirements. The Entity manages liquidity risk by maintaining adequate reserves, continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Entity's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans and equity from shareholders through their current accounts or loans.

Liquidity and interest risk tables:

The table on the following page summarises the maturity profile of the Entity's financial assets and financial liabilities. The contractual maturities of the financial assets and financial liabilities have been determined on the basis of the remaining period at the financial position date to the contractual maturity date. The maturity profile of the assets and liabilities at the financial position date based on contractual repayment arrangements were shown on the following page:

d) *Credit risk management*

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Entity. The Entity has adopted a policy of only dealing with creditworthy counterparties. The Entity's credit exposure is continuously monitored and regularly reviewed by the management.

Contract receivables represent amount due from a few number of customers. Ongoing credit evaluation is performed on the financial condition of contract receivables. Further details of credit risks on contract and other receivables are discussed in notes 7, 10 & 11 to the financial statements.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The carrying amounts of the financial assets recorded in the financial statements, which is net of impairment losses, represents the Entity's maximum exposure to credit risks.

29 Capital risk management

The Entity manages its capital to ensure that it will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the equity balance. The Entity's overall strategy remains unchanged from prior year.

The capital structure of the Entity consists of equity comprising issued capital, reserves and accumulated (loss) as disclosed in the financial statements.

30 Contingent liabilities

	As at March 31,	
	2017	2016
Performance guarantee	24,049,338	24,049,338
Labour guarantee	825,000	825,000
Advance payment guarantee	9,554,093	9,554,093

Except for the above and ongoing business obligations which are under normal course of business against which no loss is expected, there has been no other known contingent liability on the Entity's financial statements as of the reporting date.

Nagarjuna Contracting Co. (L.L.C.)

Dubai - United Arab Emirates

Notes to the financial statements for the year ended March 31, 2017

(In Arab Emirates Dirhams)

31 Commitments

Except for the ongoing business obligations which are under normal course of business against which no loss is expected, there has been no other known commitment on the Entity's financial statements as of the reporting date.

32 Comparative amounts

Certain amounts for the previous year were reclassified to conform to current year's presentation. However, such reclassifications do not have any impact on the Entity's previously reported financial result or equity.
