

Jal Jeevan Mission – Har ghar jal

A mission to provide functional house water connections to every rural house is part of the “Jal Jeevan Mission” with the slogan “Har Ghar Jal”. This mission is the brainchild of our honourable Prime Minister, Shri Narendra Modi, which was announced in the year 2019 making both the central & state governments as major players to facilitate the rural houses with drinking water tap connections. NCC Limited has been a part of this prestigious mission in the states like Orissa, West Bengal and Uttar Pradesh. We are proud to say that NCC Limited has been able to successfully complete 1,94,757 connections as of August 2022 in all the three states providing around 7,79,028 people with safe drinking water facility.
